## MESSAGE FROM THE LIBRARIAN

### **Welcome**

Welcome to all new students and staff and welcome back to those of us returning from the Summer break. The 2011/12 academic year is our last before we move to the four year curriculum and we receive our additional intake of students. The Library is poised to face the challenges brought on by these impending events. The new academic year brings several changes for the Library, some of which are highlighted in this edition of Focus. Briefly, these include:

### **Main Library Renovations**

The 3rd floor of the Main Library has been closed to public access over the summer and will remain this way until the renovation works are completed. The renovation will provide the Main Library with a rejuvenated and exciting learning environment that will provide spaces suitable to individual, quiet study as well as a variety of collaborative work spaces, both open and enclosed, and equipped with technologies that will enable effective collaboration.

An additional seating capacity of approximately 300 will be realized upon the completion of this renovation, due around the middle of November.

Additionally, the toilets in the Main Library are undergoing major improvements as part of the Centennial Campus Plan.

I appreciate that these renovations are the cause of some inconvenience through closed access and the noise generated but I am certain that the improvements we achieve will far outweigh this temporary inconvenience.

Further information can be found at <http://lib.hku.hk/premises/>.

### **Revised food and drink policy**

From 12 September 2011, we have amended our food and drink policy in order to provide a pest free library, to protect our precious resources and to ensure a comfortable environment for all of our users. Food consumption will be limited to the Student Learning Centre on the ground floor of the Main Library. Water, in spill proof containers, may be consumed elsewhere in the Main Library. Our previous policy that provided varying degrees of tolerance according to a colour zoning system was just too confusing for our users and too difficult to enforce for our library staff. I am certain that the new policy will be more easily understood and enforced.

Upon the completion of the 3rd floor renovation, an additional space for food consumption, the Breakout zone, will also be made available.

### **Library web page**

Our Library web page, <http://lib.hku.hk/>, has also been revised. Our motivation for doing this was two fold:

- a) to link our users to library resources and to information about the Library in as few clicks as possible; and.
- b) to ensure that our pages are consistent with Web Accessibility practices and are accessible so that people with disabilities can use them effectively.

### **Centenary Book Talk Series**

We will soon recommence our Centenary Book Talk Series with a very special guest. Our University Council Chairman, Dr the Honorable Leong Che-hung, 梁智鴻醫生, will speak on Thursday October 13, 2011. Details of the book and the evening will be forthcoming soon.

Once again welcome and welcome back. I wish you all a successful academic year and I encourage you to make use of the resources that can be found in our libraries. You are invited to provide feedback on these initiatives or anything you think the Library can do to improve your success this year through our Comments and Suggestions web page, <http://lib.hku.hk/cgi-bin/comments/form.cgi>, or by emailing me directly at [peters@hku.hk](mailto:peters@hku.hk).

# NEW AND NOTEWORTHY

## 3rd Floor Renovation

The renovation works are well underway. After removing the old fittings, the contractor is working hard to finish the ceiling works on time. Walls are being erected for the new group learning rooms and washrooms.

For more updates, please visit our webpage below.

## Update of renovation project for third floor of Main Library

From 7 to 18 September 2011, a survey was conducted to let library users vote for their favorite chair to be used on the new facility on third floor of Main Library. The votes and opinions collected will help the Libraries determine the design of chairs to be used in this major project as well as in other library locations.

## Self-check service extends to Branch Libraries and AV & Reserve Collection, Main Library

After months of intensive tagging and preparation by library staff over the summer, the Libraries is pleased to announce the extension of self-check service to branch libraries including Dental, Education, Law, Medical, and Music, as well as the AV and Reserve Collection at the Main Library. The new self-check stations allow both books and audio-visual materials to be checked out and returned, and provide library users with a faster and more intuitive self-check experience.

Rave reviews have been pouring in from users at the Branches since the new system was soft launched during the second week of September.

### *Happily satisfied first users of the new self-check system in Branch libraries*

*"It is surprisingly easy to use, and I am impressed how fast books could be checked out in the matter of a few seconds!"*

*"This is great especially during peak hours. We don't have to wait in queues now, thanks to this convenient station."*

*"Two thumbs up for the hassle-free operation!"*

We invite you to stop by the library on your next visit to try out the new service.
